USA
HOT TUBS

Welcome to USA Hot Tubs from Hunsbury Hot Tubs

Based on the well known Beachampton Business Park to the west of Milton Keynes, and serving Buckinghamshire, Oxfordshire, Bedfordshire, and Northamptonshire, and wider England and Wales, Hunsbury Hot Tubs has an enviable reputation for supplying quality new and pre-owned hot tubs and home-leisure related products and services to the region's most discerning clientele. In a natural progression, we're delighted to present to you our own USA Hot Tubs range of hand-crafted genuine American built spas for those looking for great value, a high quality product, the best local personal service, and the peace of mind of dealing with local experts.

Founded by Lee and Tanya Heasman in 2011, the family business has grown to be a respected specialist supplier of pre-owned and refurbished hot tubs and water leisure related products serving the south of England and Wales. Why not drop in to our showroom and have an informal chat about the health and lifestyle benefits of a USA Hot Tub? We exist to make your whole spa buying experience as personal, easy and hassle-free as possible, from site visits to advise you on the optimum position for your spa, to after-sales

advice, technical support, accessories, water-care products and warranty coverage; all right here, right on your doorstep, in a convenient location.

We have our own team of in-house staff who will personally deliver and install your spa, and who are on-hand to answer any questions you may have as you get to know your hot tub. In the unlikely event that you experience a problem we have our own hot tub engineers to offer prompt assistance. We pick up many of our sales from referrals from happy customers, so we go the extra mile in ensuring that you are nothing short of delighted, so you'll in turn pass on the good news

But don't take our word for it - here's what our customers say about us...

"Just want to say a big thanks to Lee and John today. Delivering our new hot tub, excellent service, lovely people, and very professional in every way. The hot tub was as you describe, love it, and would recommend Hunsbury Hot Tubs to anyone. There is no job too big or too small for these guys. Thanks again"
Mrs Simpkins, Essex

*"Excellent service from start to finish. Always on the end of a phone if needed. Nothing too much trouble. If anyone is looking for a hot tub these guys are the place to go. Highly recommended. Will use them for all my hot tub needs. A**"*
Mr Duke, Devon

"Fantastic!!!! Really polite, friendly and honest. Would not use anybody else, cannot rate them enough. Thank you x"
Mrs Devonport, Milton Keynes

"Amazing service, very helpful and friendly. Fantastic hot tubs would highly recommend."
Miss Holt, Northampton

"How exciting! We have a hot tub and we LOVE it! Thank you, Hunsbury Hot Tubs, for great service, smooth delivery and a beautiful tub. We sit in it every night and couldn't be happier. Top marks Hunsbury."
Mr & Mrs McLennan, Portsmouth

... we even received a review on an England football shirt, from our customer Tottenham Hotspur and England footballer, Dele Alli.

The value of owning a USA Hot Tub

Many of us will have experienced the healing and relaxing benefits of a spa in the past, from the balcony of a ski resort lodge, to some of the country's exclusive health spas.

You can now bring the restorative benefits of hot water hydrotherapy to your own home or garden by owning a USA Hot Tub

The Healing Power of Water!

The power of hydrotherapy, the combination of heat, massage and buoyancy in hot tub bathing, has been shown to offer numerous benefits to health, including;

- *Helping to relieve stress caused through tension, by easing pressure on joints and stimulating the production of endorphins.*
- *Get a good night's sleep by taking a soak before bedtime to aid deeper sleep.*
- *Aid recovery from sporting injuries and strains.*

This is why hot tubs can be found in the homes of many top sports-people and are recommended by many leading physiotherapists

- *Sufferers of arthritis can gain relief from the pain associated with joint inflammation, as the joints warm up and movement is eased.*
- *Relieves muscular aches and pains by increasing temperature, dilating blood vessels, increasing blood flow and speeding up the flow of nutrients to muscles and joints, and toxins away from them.*
- *A dip in a USA Hot Tub can help open airways and promote the circulation of healing white blood cells to help combat upper respiratory infections, colds, asthma and bronchitis.*
- *Research suggests that a 15 minute soak in a hot tub will lower blood pressure, and new studies also reveal that hot tubs enhance rehabilitation for those recovering from a stroke.*
- *Chromatherapy, or colour therapy, is a form of healing associated with different colours imparting different moods in bathers via your USA Hot Tub's underwater and perimeter lighting system. Red, for example, promotes energy and is believed to stimulate circulation, whereas green induces calm.*

Healthy Investment!

The massaging action and warmth of a USA Hot Tub's jets not only feel wonderful, they also do important maintenance work in helping to keep you feeling in tip-top condition both mentally and physically, letting the warm caressing waters soothe away the day's stresses and strains.

A USA Hot Tub is also a place where you can reconnect with loved-ones, family and friends, in a relaxing environment like no other, away from modern life's distractions.

USA Hot Tubs Range

All you need to do now is take a look at our wonderful range of six USA Hot Tubs on the following pages and decide which model best suits your needs and budget.

Each spa in our range comes complete with a quality tapered insulation cover, and CD ozone combined with Spa Frog sanitising system. And with stereo systems, and underwater and perimeter Chroma-Therapy lighting available as custom options, whichever one you choose, it's going to be packed with quality features to enhance your experience.

the Gage

Our entry level lounge model offers fantastic value for small families or couples, but still packs a great punch in terms of features and therapy benefit. Like all the hot tubs in our range, it is fitted with mood enhancing LED underwater and perimeter Chroma-Therapy lighting, Corona Discharge ozone, and Spa Frog sanitation as standard. A powerful stereo package to listen to all your favourite relaxing tunes is available as a custom option; all backed by our renowned local service and expertise.

Dimensions	81" x 76.5" x 34" / 206 x 194 x 86cm
Seating capacity	6 including lounge
C D Ozone Sanitiser system	Yes
Jet Pumps	1 x 5HP 2 speed
Total Water Jets	31
LED Colour Underwater Lighting	Yes
Integral Spa Frog sanitiser system	Yes
LED Colour Perimeter Lighting	Yes
Stereo System	Optional
No. of Shell colour options	8
No. of Cabinet colour options	3
Filtration	50 sq/ft

the Heath

Our entry level all-seater model, and sister hot tub to the Gage, the Heath offers plenty of high value features and therapy benefit in a compact package. Like all the hot tubs in our range the shell is reinforced with carbon-fibre, and it is fitted with atmospheric LED underwater and perimeter Chroma-Therapy lighting, Corona Discharge ozone, and Spa Frog sanitation as standard. If you love to listen to music as you soak, a high quality stereo package is available as a custom option

Dimensions	81" x 76.5" x 34" / 206 x 194 x 86cm
Seating capacity	6-7
C D Ozone Sanitiser system	Yes

the Carleton

With 42 revitalising and luxurious jets driven by a pair of powerful 4HP pumps, the Carleton offers superb hydrotherapy performance. It's also one of very few dual lounger models on the UK market, for those who desire a spa where one lounger just isn't enough! The Carleton comes with mood enhancing LED underwater and perimeter Chroma-Therapy lighting, Corona Discharge ozone, and Spa Frog sanitation fitted as standard. A powerful stereo package to listen to all your favourite relaxing tunes is available as a custom option.

Dimensions	92" x 92" x 34" / 234 x 234 x 86cm
Seating capacity	5 including dual loungers
C D Ozone Sanitiser system	Yes

Stereo System	Optional
No. of Shell colour options	8
No. of Cabinet colour options	3
Filtration	50 sq/ft

the Cornwallis

Our mid-range lounger model offers great value for families and gatherings of friends, while at the same time delivering serious hydromassage therapy benefits. The corner seat has a wrap-around soft neck pillow for additional comfort. Like all the hot tubs in our range, the Cornwallis is fitted with mood enhancing LED underwater and perimeter Chroma-Therapy lighting, Corona Discharge ozone, and Spa Frog sanitation as standard. If you like listening to your favourite music as you relax, remember to specify our optional stereo package

Dimensions	83" x 83" x 34" / 210 x 210 x 86cm
Seating capacity	6 including lounger
C D Ozone Sanitiser system	Yes
Jet Pumps	1 x 4HP 2 speed, 1 x 4HP 1 speed

the Byron

The Byron offers discerning consumers a powerful five seat spa with a comfortable and ergonomically sculpted lounger, and excellent hydrotherapy benefits via a selection of 31 luxurious jets driven by a powerful and efficient 2-speed therapy pump. The soothing sight and restful sounds of an integral waterfall complement the body massage. The Byron features mood enhancing LED underwater and perimeter Chroma-Therapy lighting, Corona Discharge ozone, and Spa Frog sanitation fitted as standard. A factory-fitted stereo system is available as a custom order option.

Dimensions	76.5" x 76.5" x 34" / 194 x 194 x 86cm

the Horatio

Our flagship model offers the ultimate in luxury and performance for families and gatherings of friends. Twin dual-speed high performance therapy pumps provide the water flow for invigorating deep-tissue massage, while a 1HP air blower delivers millions of soothing bubbles of caressing soft tissue massage. The Horatio comes complete with mood enhancing LED underwater and perimeter Chroma-Therapy lighting, Corona Discharge ozone, and Spa Frog sanitation as standard. For those who desire their favourite tunes while they relax, add our optional stereo package

Dimensions	83" x 83" x 37" / 210 x 210 x 94cm
Seating capacity	5 - 6 including lounger

Quality and Value

The incredible value of our pricing belies the fact that all USA Hot Tubs by Hunsbury Hot Tubs are 100% designed, manufactured and assembled in the USA, hand built and finished in Georgia by craftsmen with a richly deserved reputation for making the highest quality spas since 1985. USA Hot Tubs feature components from the industry's most respected manufacturers with an enviable reliability record, so you can be assured of the peace of mind of investing in an absolutely first-class product.

We include as standard a host of features, all of which integrate to produce a superior product delivering a high quality massage experience, in crystal-clear quality water, and with exceptional levels of comfort. And with clever energy saving features like our ReflectoTherm™ insulation, you can also rely on an extremely energy-efficient product too. All our spas undergo a rigorous multi-point wet-testing programme before being shipped across the pond to us.

- *Venturi air injection*
- *Rubber pump pad mounting system for quiet operation*
